

OCEAN[®] TROLLEYS

Ocean[®] Trolleys deliver smooth, reliable load handling across a range of capacities and beam sizes, making them ideal for construction, industrial, marine, and logistics environments. Engineered with precision bearings, corrosion-resistant components, and rugged frames, Ocean[®]Trolleys ensure safe, effortless transport of suspended loads—where durability and control matter most.

Construction: Major consumer due to infrastructure projects.

Warehousing & Logistics: for material handling.

Mining: for equipment movement in confined spaces.

Manufacturing: for assembly lines and equipment maintenance.

Marine and Shipbuilding: for ship assembly and repairs.

Comparing Features of Ocean[®] Trolley & Beam Clamp Models

	PLAIN TROLLEY	GEAR TROLLEY	SCREWLOCK ADJ. TROLLEY	ADJ. GIRDER BEAM CLAMP
CAPACITY RANGE (TONS)	0.5T - 10.0T	0.5T - 30.0T	1T - 10.0T	1T - 10.0T
WIDTH ADJUSTMENT METHOD	Bolt	Bolt	Screwlock	Screwlock
SMALLEST MODEL I-BEAM WIDTH (MM)	64-140 <i>(0.5 ton Capacity)</i>	65-146 <i>(0.5 ton Capacity)</i>	64-203 <i>(1.0 ton Capacity)</i>	75-220 <i>(1.0 ton Capacity)</i>
LARGEST MODEL I-BEAM WIDTH (MM)	125-203 <i>(10.0 ton Capacity)</i>	144-250 <i>(30.0 ton Capacity)</i>	150-305 <i>(10.0 ton Capacity)</i>	90-320 <i>(10.0 ton Capacity)</i>
ANSI/ASME B30	Meets Standards <i>(where applicable)</i>	Meets Standards <i>(where applicable)</i>	Meets Standards <i>(where applicable)</i>	Meets Standards <i>(where applicable)</i>
BEARING TYPE	Precision Ball Bearings with Machined Tread	Precision Ball Bearings with Machined Tread	Precision Ball Bearings with Machined Tread	N/A
CONSTRUCTION	Steel	Steel	Steel	Steel
FINISH	Yellow Powder-Coat	Yellow Powder-Coat	Yellow Powder-Coat	Yellow Powder-Coat
